From the Cincinnuti Guzette. SPECULATION! SPECULATION!

"Land Speculation. In a few days after the close of the navigation, the excitement attendant on the land sales seemed to die away, and little was expected fill the opening of the season. But the speculators cannot rest. Within the last three days many thousand deliars have been paid in the entry of lands at the Green Bay land office; egents. are sent on by companies; montes remitted to the girch of the office; citizens of this place employed to make the entries; and in one or another the bysuress of entering public lands is going on at a brack rate. The principal points now sought are the Manite was and Rock river. On the latter there is not a foot of vacant hand from the Blineis line to the Loslikoneng! The whole world is bent A year ago Milwankou was suspected of having some pretentions to a town site. But now we have done speaking of that place; the speculators Was it not for his name you chose him? Tell 3, That the following subjects be proposed for are all post time - it is an old place; lots have change of places. Mr Greenville accepted, and we I helped her to put on her Imitua moccassins. In the maximum -- say 1000 to \$5000 -- the 1. The regime of influence of moral and intell between are at this moment the rage.
